

DANIELLE BOSWORTH

CUSTOMER EXPERIENCE | CUSTOMER ENGAGEMENT | JOURNEY & SERVICE DESIGN

South River, NJ • (732) 421-4944 • contact.madebydanielleb@gmail.com • linkedin.com/in/daniellelbosworth • madebydanielleb.com

PROFESSIONAL PROFILE

Customer experience and engagement professional who connects customer insights, behavioral research, communications, and operational workflows to improve journeys, strengthen engagement, and support business growth. Combines a psychology foundation with product and service design, customer education, content strategy, analytics, and cross-functional operations. Experienced translating recurring customer needs and business changes into clear communications, scalable resources, engagement programs, and process improvements.

CORE CAPABILITIES

Customer Engagement Strategy • Customer Journey Mapping • Voice of Customer (VOC) • Customer Communications • Content Strategy & Messaging • Service Design • Customer Retention • CRM-Driven Engagement • Engagement Analysis • Cross-Functional Collaboration • Process Improvement • Knowledge Management • Customer Education • Analytics & Reporting

PROFESSIONAL EXPERIENCE

Product Specialist & Marketing Coordinator | Magic Sleek | Manalapan, NJ | May 2025 – Jun 2026

- Partnered across leadership, product education, customer support, sales, marketing, operations, distributors, and vendors to coordinate customer communications, education, campaigns, events, and changing business priorities.
- Analyzed customer questions, support issues, distributor feedback, and operational data to identify journey friction and translate insights into onboarding materials, troubleshooting resources, presentations, SOPs, and customer-facing communications.
- Created and managed multi-channel customer and marketing content across email, social media, digital storefronts, presentations, product education, events, and sales-support materials while maintaining consistent brand messaging.
- Designed and implemented an AI-powered knowledge assistant that centralized product, customer, and operational information, improving access to consistent answers and creating a scalable internal enablement resource.
- Used GA4, Tableau, marketplace, social, and operational data to evaluate customer and business trends and translate findings into recommendations for leadership decision-making.

Product Design Extern | MissTeePRO / Rutgers MBS Externship | Remote | Jan 2025 – May 2025

- Conducted customer, market, and competitive research in curly and coily haircare, translating customer trends and market insights into product opportunity and positioning recommendations.
- Built a relational Airtable research system for ingredient and formulation data, improving comparison, information retrieval, and decision support for early product-development discussions.

Hairstylist / Cosmetologist | The Art of Hair | Old Bridge, NJ | Aug 2021 – Jan 2024

- Built long-term customer relationships through personalized consultation and direct feedback; created customer-focused content and promotions that increased client bookings by approximately 20%.

Branch Manager | G & C Robins Co. / Supercuts | East Windsor, NJ | Jun 2018 – Jul 2021

- Led customer experience, daily operations, scheduling, team performance, service recovery, and staff development in a high-volume environment.
- Implemented CRM-driven outreach and engagement strategies that increased client retention by 32%; improved workflows, staff performance, local marketing, and customer engagement, contributing to approximately 175% revenue growth.

SELECTED CUSTOMER & EXPERIENCE DESIGN PROJECTS

Vocari | AI-Enabled Career Development Platform — Designed customer journeys, feedback loops, explainability patterns, and an evolving Profile DNA experience that allows users to understand, challenge, and refine AI-generated career insights while preserving transparency and user control.

Joomla Extension Directory | Information Architecture & Discovery Redesign — Conducted stakeholder interviews, surveys, heuristic evaluation, and competitive research to identify search, navigation, metadata, and trust barriers; developed evidence-based recommendations for clearer discovery, filtering, comparison, and explainable results.

EDUCATION

Master of Business and Science (MBS), Product Design & Innovation | Rutgers University | Expected Dec 2026 | GPA: 3.7

Bachelor of Arts, Psychology; Minor in Sociology | Rutgers University | 2023
